**Launch of a New Global Agriculture Hedge Fund**

9/24/2007

For immediate release September 24, 2007

On August 1, 2007, Global-Cap AG launched the GlobalAgriCap Fund (the "Fund"). The Fund will invest primarily in listed equities of agriculture related companies without any geographic restriction. The Fund aims to have a constant net long position in its portfolio to benefit from the long term agricultural trend. Victor Badin and Alexis Dawance will be responsible for the running of this new fund out of Zurich. Global-Cap is a Zurich-based asset management company that focuses on niche strategies. Global-Cap also manages the GlobalMicroCap Fund. For any additional information please contact us on info@global-cap.com or visit us on www.global-cap.com
